

Overview

For students who are independent, confirm the student’s address. For dependent students, it is the address of the parent or legal guardian. If you lived at more than one address in the past year, this may require confirming more than one address. *For this purpose, independent is defined as: has not been claimed on someone’s taxes last year (and will not be claimed this year) and did not receive significant financial support either year.*

Methods to Confirm Address

For a house you own, you can use property records. For [King](#) and [Pierce](#) county these are available online. Print the part that shows when the house was purchased.

For a house or apartment you rent, use your lease. We need the part that shows the address, terms (start and end dates), your name, who you are renting from and the signatures.

If you lived with someone and are not officially on the lease, complete the information below and submit with documentation.

Complete this Form and Return to the Admissions Department

Section One: Student Completes

Name:	SID:
My status, as defined in the overview above, is:	
<input type="checkbox"/> Independent Write your name in Section Two.	
<input type="checkbox"/> Dependent Write the name of your parent or guardian in Section Two.
