

Official Paper, Highline College, Seattle, Wash.

Volume 3, No. 3

Address: 2634 S. 142nd Street, Seattle 88. Wash.

Evening Class

Registration Jan. 6 Evening Class registration for Highline College will open January 6 at 4 p.m. Brochures are being prepared and will be mailed to all local residents before the holidays.

Registration times are Mon-lay, January 6, from 4 to 8 p.m.; Tuesday and Wednesday, January 7 and 8, from 1 to 7 p.m. and Thursday, January 9, from 1 to 5 p.m.

Registration will be in the multi-purpose room of Glacier High School, 24550 S. 142nd. Anyone who has reached the age of 18 or is a graduate of an accredited high school may register on a first-come, firstserved basis.

If a student finds it impossible to register in person, someone else may register for him if they possess the required information such as so-

cial security card number.
Classes will begin January 8
for Monday-Wednesday classes,
and January 7 for Tuesday-Thursday classes.

Mrs. Harrington

Dr. Harrington

Mrs. Catherine Harrington, English instructor, is now Doctor Harrington. She received her doctorate in English from the University of Washington this quarter. This brings the number of doctorates earned by Highline College faculty members to eight, a high percentage among the state's community colleges.

Dr. Harrington attended elementary and secondary schools in New York City and received her BA and MA degrees from the University of Washington. She has had teaching experience at the University of Washington, and the University of Puget Sound. She is married and has two children.

Winter Wonderland

Dance Dec. 21 This year's semi-formal winter quarter dance, entitled "Winter Wonderland," will take place on the twenty-first of December from nine to twelve. The semi-formal dance will be held at the Manhattan Club in the Normandy Park area. Admission to the dance will be a mere two dollars per couple. Steve Lough, chairman of the publicity committee, urges that all students come to this affair.

Game Tonight With U-W Frosh

By Dick Peterson Tonight the Highline College Thunderbirds travel to the University of Washington to tangle with the unbeaten Washington Frosh in a game that starts at at 6 p.m.

The Washington Pups are led by 6'11" Gordy Harris from Tenino High School. Harris is the boy who scored 54 points in a Class B State Tournament game. The rest of the Pups' at-tack is just as well balanced and the Frosh are aiming for a per-

Tomorrow night, the Thun-derbird cagers will take a trip across town to meet the Seattle Pacific College JV hoopsters. The Pacific has an evenly balanced team with any of seven players able to break loose in scoring column.

On Wednesday, the 18, the Highline cagers meet the U of W Frosh in a return match that will be played at Highline High School starting at 8 p.m.

Highline is then idle till De cember 30 when they travel to Grays Harbor to meet the Chokers. The Chokers almost upset the U of W Frosh behind

a 30 point performance by Choker Ed Smith. All of Highline's past games have been non-conference and the Thunderbirds will move into conference action on January 3 when they journey to Skagit Valley College.

New Students' **Welcome Planned**

Orientation for new students will be held Sunday, January 5. It will be run mainly by the student body officers and the club officers. They plan to hold a mock meeting of the Activity Council. Student body officers will tell about the college, how the student government is run and their details of respective offices. Club officers will explain the purpose and plans for the clubs.

After the orientation, the new students will be invited to the Glacier High cafeteria for coffee and cookies. In the cafeteria the various clubs will have special tables where students may go and talk to club officers and get information about the clubs.

New student counseling appointments will be held December 9 through 13 and during finals week.

Tikton Speaks To **College Students**

Morris Tikton, sociologist, spoke to Highline College students Monday at 9 a.m. on "Fight Training-Making Quarrels Work for You." This was the fifth in the series of Artists and Lecture programs.

Mr. Tikton is director of the Jewish Community Center in Portland; a faculty member of the Graduate School of Social Work at Portland State Col-

and achievements.

For January 18

The Student Washington Education Association held its fifth meeting Tuesday, December 10. The meeting was highlighted by plans for a January dates and presentation of an educational film.

The meeting was held to complete the discussion on Federal Aid to Schools. A film, "Better Schools Through Federal Aid" was shown.

Don Denschler, who was the student representative to the Western Regional meeting of the association, spoke of his experience and the facts he learned on Financial Aid To

After the general meeting there was a discussion on the proposed dance for January 18.
The Student WEA is sponsoring this dance which will follow the college basketball game at Highline High School. The dance will be held in the multipurpose room of Glacier. Further details will be given in the Daily Bulletin early in Winter quarter.

Smoking Is Limited

There has been confusion a to smoking regulations in the Glacier High School Cafeteria smoking is allowed only after 6 p.m. During day school hours, smoking is allowed only in the college student lounge.

Merry Christmas

At this time of year a spirit of benevolence and brotherhood envelops the Christian world for a short period of time.

At Christmas time the Biblical passage "It is more blessed to give than to receive" is widely followed for the only period of the year; yet, this basic truth was not meant for merely annual use, but was intended to be followed twelve months a year.

So, why not give all year 'round? Not just material things such as neckties, billfolds, handkerchiefs and jewelry, but love, understanding, compassion and goodwill toward men.

This is why Christmas is celebrated: not just for annual observance, but for the betterment of human relations 365 days a year. use, but was intended to be followed twelve months a year.
So, why not give all year 'round? Not just material things such as neckties, billfolds, handkerchiefs and jewelry, but love, understanding, compassion and goodwill toward men.
This is why Christmas is celebrated: not just for annual observance, but for the betterment of human relations 365 days a year.

BACK UP OUR TEAM AND
THEYRE BOUND TO WIN

THEYRE BOUND TO WIN

In commemoration of these

School Spirit???

How many of you have attended our previous basketball games?

Judging from the response the cheer leaders had, I'd say very few.

Lack of School Spirit can be the downfall to many a school game. If the student body lacks the nerve to stand up for its team and doesn't let them know it's behind them all the way, the team lacks the drive to win.

Highline College has the coach and the team that could lead to a place of recognition among the league of Washington State. Without School Spirit and full participation in school affairs, the college will never reach the potential it is capable of attaining. If the students would only act as if they belonged to the school, and show a little enthusiasm, they might be surprised by the results.

So how about it, don't be a bunch of stick-in-the-muds, afraid to mention Highline College. Cheer for your team, win or lose.

James R. Wendfeldt

Happy Chanukah

by Harvey Greenberg
During the holiday season,
while most people are engrossed
with Christmas, the Jews are thinking of Chanukah (or Hanukah). Contrary to the belief of the majority of Christians that Chanukah is the Jewish Christmas, Chanukah hasn't the slightest resemblance to Christmas in idea, participation or

Chanukah always occurs during the months of November or December. Because its date is based on the solar calendar used by Jews for five thousand years, the date fluctuates on our "Christian calendar."

Chanukah is often called the Feast of Lights or the Feast of Dedication. It commemorates the rededication of the Temple by Juddas Maccabeus and his soldiers. The temple had formerly been captured by the King of Persia, Antiochus Epiphanes. The King tried to change the Isw's weeshin by

In commemoration of these eight days the holiday is celebrated for eight days and nights. On the first night one candle is lit, one more candle is added each night, until on the eighth night eight lights or candles

Gifts are usually exchanged between members of the family, and friends during this festival.

Letters to Editor

In the November 22 issue of the Thunder-Word, an article appeared entitled, "We Want to Know." The author or authors of this article brought out several aspects of the stufelt were not up to par.

meetings. The author or authors made a proposal that there should be bulletins who did not know what they meant were interested they should have made an attempt

CARS ON CAMPUS

by Stove Pitspetrick

No doubt many of you have noticed Dale Hanson's SS 409 Chev. in our parking lot. What many of you haven't noticed is that Dale has a trailer hitch on it, with which he tows one of four midget racers the Hanson family owns! The two fastest midgets are identical on the outside, but one has a fuel-injected Ford flathead, while the other boasts a fuelinjected Chevy II four-cylinder motor. Both motors have a 150-II is the first of its kind in the

These cars are eligible to race on all oval tracks in the

posted on the happenings of these meetings. Evidently stu-dents are not reading the bul-letin boards in the student lounge. The minutes of the executive council and the activities council are and have been posted since the first

A second point brought up concerned the constitutiona amendments. The article stated that the students were told to vote. In the first place the stuwere asked only to exercise their franchise as citizens of Highline College. The other part of this question refers to students not knowing why the amendments were proposed and that there were no pro and con ideas presented. How many students made any attempt to find out why they were pro-posed? I had very few ques-tions asked of me concerning lack of information supplied to these amendments. If the author or authors and students tive and activities council who did not know what they these amendments. If the au-

Northwest. The car in the pic ture, owned by a Glacier High School senior, has been clocked at 135-mph on the 700-foot straightaway of Evergreen Speedway, the largest oval track in the Northwest. It has raced in Washington, Oregon, California, Idaho and Canada, sometimes beating cars having three times its horsepower Like most midgets, it races the

family of racing fans. One of Dale's brothers owns a midget, Dale and his dad drive them, and his other brother is the master mechanic for the cars.

to find out why they were

As for presenting pro and con ideas on the amendments, it is not the job of the executive council to put ideas into the heads of students. Students should be able to read an amendment and then ask questions of the executive council and form their own opinion on the matter. The notice of the proposed amendments was put in the daily bulletin on October 29, 30, 31, and November 1, 4, and 5. The proposed amendment and a copy of the constitution to be amended were posted on the bulletin board a full week before the

The author or authors of this article also proposed that ex-ecutive and activity council meeting be open to students wishing to attend. These meetings are open, but the lack of space available limits the number of people the executive council can accommodate are held in a classroom and there is no problem there. How-

Services.

Two Plays are Big Success

Highline College's drama instructor, Miss Shirley Robertson, discusses details of "Love's the Best Doctor", 17th century play by Moliere. The drama class presented this along with a contemporary play last week in Glacier High School's music room. Standing, left to right: Miss Shirley Robertson, Christine Johnson, David Friedt, Paul C. Alexander, Susan Ross, Allen Carter, Ron Matlock, Ann Wechsler. Seated: Voyce Howard, Vicki Loomis, Susan Densenberg.

Densenberg.

By Kathy Fisher The Drama 110 class of Highline College presented two plays on December 5, 6 and 7. Both Friday and Saturday nights drew full and over-

capacity houses.

They were presented in a theater-in-the-round in the Glacier Band Room. This concept in production, although ancient, is rarely used and is therefore new to many theater audiences.

A minimum of scenery was used with the technique of "blackouts" for scene changes.

"A Slight Ache" by Harold

Pinter, was very provocative. One would not expect community college amateur actors to attempt these difficult roles.

A realistic presentation was

planning friendly ski com-petition between other Junior and Community colleges in Bob Grube, vice - president. has been skiing actively for three years. He is a member of DeMolay and is a sophomore education major. He remarked that, "I feel that the ski club will be the best club on cam-pus because of the active individual participation which is important in keeping a club alive and functioning. Also, good fellowship can develop from all members having

ported that the club is also

something in common."

Julie Haar, a physical education major, thinks that this year will be the best year for the ski club. The trips will "be a lot of fun and valuable ex-perience." Julie lists skiing second to tennis and thinks "the organization of a ski club is a terrific idea in that it permits skiing enthusiasts to ski together." Julie, a sopho-more, is also in WEA and won

a letter at Renton High School. Mr. Ed Odney, advisor, who is instructing data processing, will be accompanying the club on some of their trips.

At the Nov. 14 meeting several things were discussed and

among them was a trip to Mt. Baker on the 28, 29 and 30 of December. This trip is open to all active members and their guests. Also, there was news of a dance at the top of the Space Needle in Seattle in February.

All Skiers and snow bunnies can purchase membership cards from Julie Haar for \$2.50 which includes: partial payment for ski trips, free ski instruction, and ski movies. The club meets on alternate Tuesdays and Thursdays at 9 and 10. If there are any questions, see the officers or an active member.

THE FIFTH QUARTER

by Ron Siegel, Sports Editor
This will be the basketball preview of two 4-year colleges the Thunderbirds play in the 1963-1964 season.

The Washington Huskies: The Huskies are operating under a new head coach, Mac

Duckworth. Coach Duckworth greeted five returning lettermen, many promising sophomores and a highly-touted junior college

The starting lineup will be: Steve Wilson 6'6", Lynn Nance 6'0", Clint Peeples 6'9", Charlie Hart 6'3", and Bob

Flowers 6'1". The reserves are: Dick Lee 6'6", Bruce Brickner 6"7", Rob Fahnestock 5'11", Steve Olsen

6'3", and Bruce Solibakke 6'1", Jim Hermann 6'2", Henry Mathews

Coach Duckworth has installed a more wide open offense than the Husky fans have been seeing in the past couple of years.
On the freshmen scene, the Huskies have one of the most powerful teams ever assembled at the University. Five of the most sought after players from the state of Washington compose the starting lineup.

The starters are: Levi Fisher 6'5", Dave Hovde 6'6", Gordon

Harris 6'11", Jim House 6'4", and Bill Montgomery 6'0".

Next come the always powerful Seattle University Chieftains.
Like the University of Washington, Seattle University has a new coach its year. The new coach is Bob Boyd, from Santa Ana

Junior College.

The Chieftain returnees are led by John Tresvant the 6'7" jumping jack center, who hauled down 41 rebounds in one game last year. The other top returnee is Charlie Williams, one of the top ball handlers and playmakers on the coast.

Junior College transfers will hold the key to success in Seattle this season. L. J. "Rock" Wheeler 6'8", from Santa Ana Junior College, is a demon on the boards and a prolific scorer. Peller Phillips, a 5'9" guard, possesses great jumping ability and has a great outside shot. Ralph Heyward 6'2", by way of the University of Kansas, is a defensive standout.

Other prospects are: Greg Vermillion 6'6", Dick Turney 6'5", Dan Murphy 6'8", Rick Mathews 6'0", and Jack Tebbs 5'10". For the Papooses it looks like another banner year with a couple of high school All-Americans leading the team.

The Papooses' big guns will be: Tom Workman 6'6", Elzie Johnson 6'7", Plummer Lott 6'4", Malkin Strong 6'7", Gary Good 5'10", Mike Acres 5'9", and Len Beil 6'4".

A leading sports magazine has rated this Papoose team the leading college freshmen team in the country.

"Wahines" Win **Bowling Title**

Tony Fiame led his "Come Back Wahines" into a first place finish in the Intramural Bowling League by finishing the quarter with a win-loss record of 20.5-6.5 games. The "Playboy's" finished in second place by having a 20-7 record in the win-loss department, but could not overcome the one-half game edge which the "Wahines" had held over them for the past four weeks.

The first place team consisted of Tony Fiame, Bonnie Smith, Roger Lichty and Len Fiorito who will all receive first place trophies. The "Playboy's" had Bill Hallett, Donna Lamoreaux, Gerald Julian and Stan Bartlett as team members who will all receive second place trophies.

Although the "Playboy's" could not subdue the "Wahines," they did make a clean sweep in the statistic department. The "Playboy's" held the high two-game series of 1,424 pins, the high single game of 738 pins, and had the highest accumulated total of 11,729

pins for the quarter.
In the individual statistics department, Stan Bartlett held the highest men's average of 183 pins, Donna Lamoreaux held the high women's average with an average of 151 pins, and Gerald Julian had the high two-game series of 446 pins. Tom Carlson from the "New Finks" team took the high game record with a single game

of 242 pins.
