Blackwood, Vastenhold to Head Classes

Lecture Set For October 22

Mr. Fish has tentatively outlined a lecture series for October 22, which will cover a variety of topics.

Total Students Near $300

Registration for Highline College's first semester is nearing completion. The college is currently enrolling students for the fall semester, which begins in November.

Referendum No. 12 Needed

Referendum No. 12, which proposes to increase the college's tuition fees, is scheduled for a vote on November 7. The referendum is necessary to provide funds for the college's expansion plans.

Halloween Dance

The college will host its annual Halloween Dance on October 31. The event will feature food, games, and a costume contest.
HIGHLINE COLLEGE
THUNDER-WORD

Octubre 1964

ABSTRACT

The first official ASB Executive Council meeting of the 1964-65 academic year was called to order Friday, October 2, by the ASB President, Brian Smith.

Class elections were scheduled for October 16, with petitions going out on October 8 through 10. Deadline for petitions was October 22, 4:00 p.m. Ballots were opened at 4:10 p.m. until 4:15 p.m. in the hall of the Administration Building on Friday, October 2.

The business of the ICC (Inter-Collegiate Commission) and the CCLC (Community College League Conference) was discussed. The ICC is responsible for the ASB of student activities on other campuses. The CCLC is set aside towards the end of each school year for discussions among community colleges. This conference is headed by the Executive Commissioner of the ICC.

This year, the Executive Commissioner was from Olympic Junior College; due to circumstances for which he is entirely responsible, he will not be attending this year. Therefore, constitutionally speaking, the Washington State College Student Government Association, at this time, has no Executive Commissioner.

October, there will be a State ICC meeting. This meeting will be pri- marily concerned with the Executive ICC elections. The Executive Council unanimously appointed Patty Sprague to continue our ICC obligations to our college for the 1964-65 school year. Linda Sisk, Dr. Jochem Committee Chairman; and Ken Strickler as Publicity Committee Chairman.

The ASB officers have been assigned special hours in the counseling office where they can be reached if students would like to talk to them.

Piano player? If you can’t speak French and would be willing to learn that French 101 will be offered Winter Quarter.

Mr. Powell has received his Bachelor of Science degree in mechanical engineering from the University of Washington and his Bachelor of Science degree in industrial engineering from the University of Illinois.

Mr. Powell was born in 1929 and has lived in the Northwest since he was five years old. He is married to Helen Powell and they have two children.

Mr. Powell has been working as a naval engineer at the Navy Yard for fourteen years including four years of active duty as a Naval pilot. He is presently active in the Civil Service Reserve at Sand Point. He also recently worked at Boeing and had a hydraulic program.

Instructors Added To English Program

The engineering area of Highline College has hired its first two new faculty members to the staff for the fall. They are Mr. Raymond L. Chalker and Mr. Roger Edward Powell.

Mr. Chalker has received his Bachelor of Science degree in mechanical engineering and his Bachelor of Science degree in industrial engineering from the University of Illinois. He is currently working on his master of science degree in business administration at the University of Washington.

Mr. Powell was born in 1929 and has lived in the Northwest since he was five years old. He is married to Helen Powell and they have two children.

Mr. Powell has been working as a naval engineer at the Navy Yard for fourteen years including four years of active duty as a Naval pilot. He is presently active in the Civil Service Reserve at Sand Point. He also recently worked at Boeing and had a hydraulic program.

Mr. Powell has received his Bachelor of Science degree in mechanical engineering and his Bachelor of Science degree in industrial engineering from the University of Illinois. He is currently working on his master of science degree in business administration at the University of Washington.

**Cross Country**

**Is New at College**

By Mark McKay

Along with the other new additions on the campus there has also been a new addition to the athletic program. This is a cross-country team, which brings the total number of varsity athletics up to five. The other varsity sports are: basketball, golf, tennis, and track.

The coach of the cross-country team will be Mr. Don McConaughey, who has been the coach of the Thunderbird track team the last three years while teaching at Highline High School. This year Mr. McConaughey will be a full-time instructor here at the college.

Because of the lack of adequate facilities here on the campus, the team has been turning out at the Des Moines Field House. A good morning's workout consists of running down to Salt Water State Park, running around the park for an hour, and then running back up to the fieldhouse.

So far there is only one cross-country asset in the Thunderbird's schedule and that is on October 30, at Central Washington State College. This will be a two divisional meet. The two divisions are varsity, for the four-year schools and the junior college division. There have been tentative plans set for at least one other meet as far as the junior college division.

The cross-country team consists of the following boys: Larry Prout, Gary Prout, Dave Prout, Jim Woodcock, Brian Howland, Carl Serres, Brian Hazelwood, and Frank Pauley. Anderson. And the Prout brothers are considered "best prospects."

**In the Locker Room**

By Larry Leonard

Sports Editor

In the past year, athletics at Highline College has taken a great jump forward. This was evident during the 1963-64 basketball season when the T-Birds won six out of their final eight games. Athletic progress continued on its upward surge in the spring as the Highline College team went four to the state meet in Victoria. Track and Golf continued to show improvement in athletics as three individual trackmen and the mile relay team placed at the State Track Meet.

Although its record does not show it, the Golf team's gradual improvement is bound to make them a threat in '65.

The following is evidence of Thunderbird progress in the past and future:

**Basketball**

Season Record 8-16

League Record 6-5

The team set a record in the final game with Lower Columbia College by scoring 100 points in a single game.

**Tennis**

League Record 4-3

Keith Adams and Victor Isgoli won one doubles match and Keith Adams won two singles matches at the state meet.

**Golf**

League Record 2-4

The team improved its play by cutting its score from 401 at the beginning of the season down to 317 in the final match.

**Track**

Ron Colman won second place in the shot put and discus at the state meet.

The mile relay team placed third at the state meet.

Maurice Williams was fourth in the state in the 440-yard dash.

Jerry Clark placed fifth in the mile run at the state meet.

Counseling Staff Grows with School

The counseling staff has been enlarged this year and now has six official counselors. They include Dr. Seii Adachi, Mr. George Donovan, Mr. Bill Wilkinsan, Mrs. Barbara Young, Mr. Jes Caskey, and Miss Ruth Alexander. The latter two are new to the counseling staff at Highline College this year. Miss Alexander is from the University of Alabama and is a registered nurse as well as a counselor.

Leaders Head For Workshop

Highline College teachers and administrators will participate in a Community College Workshop. The workshop will take place on Friday, Oct. 23, 1964 at Olympic College in Bremerton. Those attending will be Dr. Melvin A. Allan, Mr. Charles E. Carpenter, Mr. Lloyd E. Messersmith, Dr. Shirley B. Gordon, Mr. Forrest W. Price, Dr. David B. Story, and other members of the faculty.

Nursing Program On New Campus

A professional nursing program at Highline College was launched this quarter. Some of the students will be off campus in medical buildings for nursing experience this quarter. Burien Hospital, West Seattle Hospital, River Heights Nursing Home and the Burien Manor Nursing Home will be used for this purpose. Only 25 students were selected for this purpose. They include: Helen Amnov, Virginia Barger, Elizabeth Butenko, Rebecca Carlson, Joyce Cam, Hilda Cotton, Sandra Cravens, Bert Gearon, Virginia Gilmore, Marilyn Hale, Ruth Henshaw, Mary Johnson, Roberta Johnson, Shelly Lohstreter, Elizabeth Loren, Karen Meng, Denis Morgan, Arvilla Ness, Jane Oliver, Andrea Peacock, Carol Rathke, Carol Richard, Carol Scott, Sheilah Skinner, and Linda Stickney.

The nursing instructors this year are Mrs. Doris Wolter, teaching the fundamentals of nursing and maternal child health nursing; Mrs. Barbara Hutton, medical-surgical; Mrs. Elizabeth Waggener, psychiatric, and Mrs. Rosemarie Brown, coordinator of nursing.

Any student on campus interested in next year's nursing program should contact Elks Brown.
