**LETTER TO THE EDITOR**

**Editor, Thunder-Bird**

December 12, 1959

Dear Mr. Editor,

I am writing to express my concern regarding the lack of communications and facilities at Highline College. As someone who has been actively involved in student government, I believe it is about time someone spoke out on these issues.

At present, the candidates for ASB treasurer are run by the entire student body. A college that doesn't have the backbone to even consider such an arrangement is not what it seems to be. It is clear that the student government should at least open the elections to the entire student body. If we don't have the means to vote for our representatives, how can we truly feel that we are being represented?

Worse yet, we have been told that there are no set limitations on the number of candidates who can run for ASB office. Student government is supposed to be a fair and open system, but it seems that this is not the case at Highline. It is time that we, as students, demand better from those who are supposed to be representing us.

Sincerely,

[Signature]

Freshman Dance

Preparation for Festival

In the last days of the Spring term, the students of the University of Washington will be preparing for their last major event of the year, the Spring Arts Festival. This festival is an opportunity for students to showcase their talents and abilities through various forms of artistic expression. The Festival will include a variety of performances, such as music, dance, theater, and visual arts, all of which are designed to celebrate the creativity and diversity of the university community.

One of the highlights of the festival will be the Freshman Dance, which is eagerly anticipated by the students. The dance is a chance for freshmen to socialize, meet new people, and enjoy the festive atmosphere of the festival. The dance will feature live music, a variety of dance styles, and a vibrant energy that is unique to the event.

The Freshman Dance is an important part of the Spring Arts Festival, as it serves as a platform for students to express themselves and connect with others. It is a reminder of the importance of art and creativity in our lives and a celebration of the talent and skill that exists within our community. Whether you are a seasoned dancer or just looking to have some fun, the Freshman Dance is an event not to be missed.

The festival will take place on [insert date], and it is open to all students who are interested in participating. The details for the event will be announced in due course, so keep an eye on the university's website for more information.

The Spring Arts Festival is a testament to the creativity and talent that exists within the University of Washington. It is a time for students to come together, celebrate their achievements, and look forward to the new opportunities that the future will bring.
Science Makes News

**Science Department Purchases Special Chemical Equipment**

The Natural Science Division of Highline College is pleased to announce the purchase of special equipment that will be used in a variety of classes. The equipment includes a spectrophotometer, a visible range spectrophotometer, and a gas chromatograph. These instruments will be used to study the properties of various substances and to measure concentrations of solutions.

**Chemistry Plans**

**Course Extension**

In the near future, the Chemistry Department will offer Chemistry 210, a course in advanced chemistry. This course will be especially helpful in preparing students for the study of chemical kinetics, reactions, and thermodynamics. The course will cover the principles of chemical equilibrium, the concepts of reaction rates, and the laws of chemical reaction.

Mossersmith Gets 1-Year Grant

Mr. Lloyd Mossersmith, Dean of Students at Highfield College, will be leaving July 1 for a one year leave of absence to study at the University of California in Berkeley.

He has been a grant by the Kellogg Foundation to study the University of California for his doctorate degree in junior college administration. The Kellogg Foundation is located in Battle Creek, Michigan, and sponsors a national junior college administration program.

Dean Mossersmith will study junior college administration as well as work part time at the Center for the study of Higher Education at Berkeley. He has been in the program for two summers, which is all part of the total package. He studied at Stanford for one year in their summer program. Last summer he studied at the University of California. Mr. Mossersmith needs a one-year program to complete his doctorate, and will finish by July, 1969. He will be studying higher education and junior college administration. His major is student personnel.

There are a total of 150 full

Activities Council Pins will soon be ordered. Pins go to active members in the respective clubs only.

There will be summer jobs only. Jobs available for students attending summer school only.

T-Birds Win At Grays Harbor

A great day for the T-Bird junior varsity softball team was won over Grays Harbor High School last Tuesday, May 18, when they scored 10 runs against 9 in the game.

The game was held in the Grays Harbor High School gymnasium and the T-Birds started the scoring early in the third inning by taking a 5-run lead. Grays Harbor fought back to within 5 runs but the T-Birds最终 scored 10 runs against 9, winning the game.

The coaches and players from both teams were pleased with the game and everyone had a great time. The T-Birds were supported by their parents and friends who were there to cheer them on.

After the game, the T-Birds celebrated with a team dinner and a photo session with the Grays Harbor coaches. The T-Birds were proud of their performance and were excited to continue their season with more games ahead.

The T-Birds will be playing against other local schools in the coming weeks and hope to continue their winning streak. The coaches are proud of their team and are looking forward to seeing them grow and improve in the future.

The T-Birds are grateful for the support of their fans and hope to see everyone at their next home game. The team is looking forward to a bright future and is excited to continue their journey. The T-Birds are grateful for the support of their fans and hope to see everyone at their next home game. The team is looking forward to a bright future and is excited to continue their journey.

Classified Ads

The Thunder-Word has just an announcement. The Classified Ads section of the paper needs more contributors! If you have anything you want to sell, want to buy, or have a service to offer, please contact the Student Life Director, Mrs. Peggy Sheppard. The goal is to encourage community interaction and support local businesses.

Accreditation

Study Starts

Students will soon be able to register for classes. Accreditation is a crucial aspect of this process. Highline College is currently preparing for an accreditation review. The college is seeking to improve its accreditation status in order to provide a better education for students.

Tuition Goes Up

To Partially Cover

The cost of attending Highline College will increase by 10% next year. However, the college plans to use this additional revenue to improve facilities and support faculty. The increase is necessary to cover ongoing costs and ensure the success of the institution.
