Letters to the Editor

Opal O. Foshed?
Dear Editor:

What happened to the Freshman class that goes by the name "pus" last year? Last year's class? Last year? Is it the same class? It seems to have acquired a new name: "Sophomores." I wonder if the name change will bring about any improvements in the class's behavior. It's rumored that the Sophomores might be more mature this year, but I hope they don't forget the lessons they learned last year.

Sincerely,

Opal O. Foshed

Dear Editor:

I have a better idea for the next quarter menu. Instead of offering the same old choices, why not try something new? Like buying a hamburger without the meat. It's sure to be a hit, especially among those who enjoy a variety of flavors. I suggest we experiment with different combinations. It could be a turning point for our dining services.

Sincerely,

[Signature]

Dear Editor:

I feel there must be a better way to contact these interested students. It seems like there's a disconnect between the people who are interested in joining the organization and those who are trying to recruit new members. Perhaps we could use social media or other online platforms to reach out to potential members.

Sincerely,

[Signature]

Editor and the Public:

There's a need for a field of dead minds. The current state of our educational system is alarming. It seems like there are too many students who are not interested in learning or exploring new ideas. We need to find ways to engage them and make education more relevant to their lives.

Sincerely,

The Freshman Class is doing great and there are a lot of activities going on at Highline College. Despite the recent snowfall, the classes are coming together and enjoying each other's company. Dr. David Froehman gave a talk about the importance of student involvement in campus activities. He emphasized that students who get involved in these programs are more likely to succeed in their education. These programs help students develop skills that they will need in the future.

BOOKSELLER DENIES UNFAIR COMPETITION

The bookstores on campus are being accused of unfair competition. The bookstore on campus is accused of pricing its books higher than the used books sold by the bookstore in the downtown area. However, the bookstore on campus is able to offer a wider selection of books.

NEW CHAIRMEN ARE ENTHUSIASTIC ABOUT COMING YEAR

Publicity

The new Publicity Chairman is Mr. George Holman. Mr. Holman has had previous experience on the Publicity Committees of both the Senior Prom and the Dance. He was appointed by the Executive Committee to coordinate and promote all A.S.B.-sponsored events, which in-clude various activities including, but not limited to the College Papers, the Drama Club, the Arts and Humanities, and the College Publications.

Marsha Roberts was appointed by the Executive Committee to coordinate and promote these activities. She feels that the best way to promote all A.S.B.-sponsored events, which include the College Papers, the Drama Club, the Arts and Humanities, and the College Publications, is through the bulletin, signs, posters, and fliers; and the college publications. She plans to work closely with the various departments to ensure that all events are promoted effectively.

SWEA Anticipates

This year's project will involve, in addition to various colleges from Eastern Washington Education Association (SWEA) officers, a drama club at the college, and a Peace Corps and include other significant events such as regional meetings. The officers of the club are Kathy Pier, Vice-President, and Karen Hendrickson, Secretary. All students interested in attending the meeting and taking part in the activities are encouraged to attend.

Business Club is Off

The club has been invited to attend the meeting and participate in the activities. The officers of the club are Howard Shipley, President, and Dick Loyles, Vice-President. The club has been planned for the Kent-Bellevue area. All students interested in attending the meeting and taking part in the activities are encouraged to attend.

Voter Turn-out at Elections:

The second major part of our governing body is the Activities Committee. The activities calendar this year is filled with a variety of events including, but not limited to, the College Papers, the Drama Club, the Arts and Humanities, and the College Publications. For more details, please see either Miss Karklins or the Activities Committee.

David Invades A Giant's World

The college basketball world had its eyes on the 1966-67 season. The reason was a particular player, Wilt Chamberlain. The university of California at Los Angeles had a Type 1 center who was already beginning to make his mark. He was 7'2" tall and had been named the College Player of the Year. He was also bringing a certain amount of pressure with him. Chamberlain was a leader in his community, and as a result, he had to face a big man.

Chamberlain was soon to face another giant, Alcindor, another seven-footer. However, Alcindor was not the only challenge that Chamberlain faced. He also had to face the Highline Community College Bulldogs, who were known for their quick defense.

Despite the challenges, Chamberlain continued to excel. He was a Type 4 basketball player, known for his dribbling and defensive strategies. He was also a Type 2 communicator, who was able to lead his team and motivate his teammates.

Listen... And Learn.

Chamberlain was not only a Type 1 player, but he was also a Type 3 learner. He was able to learn from his experiences and use them to improve his game. He was also a Type 2 listener, who was able to pay attention to what his coaches and teammates had to say.

In the end, Chamberlain was able to lead his team to victory. He was a Type 3 winner, who was able to overcome the challenges and achieve success.

To Be Held Here

The United States Equal Opportunity Committee will hold a meeting in the college auditorium at 9:00 p.m. on Wednesday, November 16th. This meeting will address the topic of equal opportunity for all students and employees.

At the meeting, there will be a discussion on the importance of equal opportunity. There will also be a presentation on the history of the Equal Opportunity Act and its impact on the college.

The meeting is open to all students and employees. It is an opportunity to learn more about equal opportunity and how you can play a role in creating a more inclusive community.
