What is Christmas Spirit?

Christmas is a special time of year, a time to celebrate the birth of Jesus Christ. It is a time of giving, a time of love, a time of joy.

Christmas is a time for family gatherings, a time for sharing with loved ones. It is a time for exchanging gifts, a time for spreading holiday cheer.

This year at Highline College, we have been encouraged to think of others, to give to those in need. We have been asked to consider the less fortunate, to reach out and help those who might be struggling during this holiday season.

So, let us all remember the true meaning of Christmas, and let us give to others, let us show kindness and generosity.

Merry Christmas!

Dr. R. Thornton Speaks On "Unknown Country"

By: Charles Morey, Editor of the 'Unknown Country'

Dr. R. Thornton spoke on "Unknown Country." Dr. Thornton's talk was on the theme of Communist China, which is a topic of interest in many parts of the world. Communist China is the only country in the world that is ruled by a single party. It is a country that is characterized by its economic and social reforms, which have led to significant changes in the lives of its people.

Tokyo, Japan, has a long history and is known for its vibrant culture and economy. It is a city that is full of life and energy, and it is a place where people from all over the world come to experience the unique blend of tradition and modernity that is so characteristic of Japan.

The cheerleaders' performance was for this year. The cheerleaders introduced the cheer routines to the games-the cheerleading team was a group of people who performed routines to cheer on the basketball players. The cheerleaders were dressed in green skirts and white blouses, and they wore red and white stripes on their outfits. The cheerleaders were known as "China Watchers," and they were the first to know what is going on behind the scenes.

The rally ended with a pep talk from cheerleader Jo Vincenzi, who emphasized the importance of positive thinking, cooperation, and determination. The students were encouraged to keep their spirits up and to work hard to achieve their goals.

Many Things Already Planned For Unfinished Swimming Pool at R.C.C.

The possibilities for a swimming pool on the campus of the University of Wisconsin are close to being realized. Although the university had not marketed the project as a fund raiser, it was announced recently that the club would support the project.

The first meeting of the committee for the pool was held last week. A survey conducted by students, faculty, and staff revealed overwhelming support for the project. It was decided to proceed with the construction of a pool, which would be available to the university community.

The pool would incorporate state-of-the-art features, including a diving board, water slide, and shaded areas for relaxation. It would be located next to the athletic fields, providing easy access for students and staff.

T-Word Reporter Finally Quits; Can't Scoop Super Semester!

By Janet Adams

I finally cracked. Despite the promise to deliver a scoop on the Super Semester that was so in vogue, the resulting public—well, the word was out. I was last-minute reporter, the briefest of reporters. The super news was upstaged, I think, by a super orator named Mrs. Strehlau. After the news was announced, the green river district was kinder. As the door was to the world of the Super Semester got harder to close, I knew I was a failure. I could not deliver the goods. As the door of CB 202 was locked, I knew there was no escape from the Super Semester. But unfortunately, that's as far as I ever got.

I decided to give up. I realized that I could not deliver the goods. I had no choice but to face the facts. I would have to admit that I was not up to the challenge. "It last year I couldn't have told you what the season would have been. This year, I think we're going to have a good team. The team improved in discipline, and that's important. Excuse me for the cliche but that's probably what's going to happen this year. Most community College basketball is. Eligibility is rather unwieldy to the unknown element. Injuries can plague any team, and as for the T-BIRDS and remained undefeated after it. No one is making ex-

Players become eligible and others become ineligible so that can be a problem. This didn't slow down the spirited T-BIRDS though, and they stormed back to take their next game against the Peninsula girls.

Basketball Plans For 4-Year Schools

My personal opinion is that the way it will melt and turn from last season's team. UCLA, because of their strength, and as for the Huskies, because of injuries, have been the toughest Chieftain schedule. The T-BIRDS will have a returning squad of all the seniors. Everyone except the seven starters are eight lettermen, two holdovers, and four promising freshmen. Those of you who think yourself hardy enough to take on the Thunderwomen should think twice. This team is going to be a good one. My prediction is that this team will be a championship team. The T-BIRDS should be able to defeat the other new entry to the division. A victory tonight against the University of Oklahoma. Over in the Pacific A-

Those of you who have come to enjoy winter sports may have noticed that the weather has been quite mild. However, the forecast predicts a cold front moving in this week. Be prepared to bundle up and enjoy the outdoors. Let the Stars Help Choose Your Gift for "That" Person

by Patricia Brink

It's time to give your special someone the gift in your life,
a nearly one of those two special marks on your Christmas
list. If you are a man, you could one day get into a situation
at home where you find yourself having to choose a gift
due to the fact that the man in your life is a Leo, Capricorn,
or Pisces. If you are a woman, you could find yourself in
a situation where you find yourself having to choose a gift
due to the fact that the man in your life is a Leo, Capricorn,

by the stars.

mysterious and intense, and a gift that shows
thoughtfulness is the best choice. A gift of a
watch, a ring, or a piece of jewelry that is personal
