The final stages of production have been completed for this year's spring student drama festivals. Students, their families and friends are invited to see over 200 hours of student-acted shows and plays. These events will take place over a week in the history's auditorium and will feature the following performances:

- "The Importance of Being Earnest" by Oscar Wilde, directed by Mr. Robert Neuenschwander. The play will be assisted by Dr. Shirley Roche, director of the drama department, and will be presented by the Area Phenomena Research Board.
- "Ladies of Culture" by Moliere, directed by Mr. William L. Johnson. The play will be accompanied by Anita McFetridge, director of the music department, and will be presented by the Area Phenomena Research Board.
- "Thor With Angels" by Christopher Fry, directed by Mr. Clayton E. Myron. The play will be presented by the Area Phenomena Research Board.

The program this year will be assisted by Dr. M. A. Allan, president of the college. The festivities will begin at 5:00 p.m. in the Pavilion, and will include a dinner at the college and a dance between the hours of 9:00-11:00 p.m. Everyone is invited to this event.

Tomorrow Night
A touch of Paris will be the highlight of the annual Awards Banquet. The banquet will be held in Lecture Hall, and will feature a dinner and entertainment. The awards will be given to the students who have performed with excellence in scholarship, achievement, and leadership. The banquet will be held on June 8th in the college auditorium.
END OF AN ERA

In recent years we have faced the problems of handling the academic staff and student affairs as well as the various departments. The college has reached the end of its initial stages of development, and it is time to look at the future.

New buildings are currently under construction. A new Performing Arts Center is being built, along with the Performing Arts Building. These new buildings will provide a better environment for students and faculty.

The recent additions to the library have included more books and resources. The partitioned tabletops and alarms are about as planned, but the alarms on the emergency doors are seemingly endless. So, extra precautions are necessary.

Come on planners—do a little planning!

Highline College has a unique and enjoyable tradition in the Spring Arts Festival. We are fortunate enough to have Drama, Musical, and Creative Writing programs every spring.

With a lively participation the fete will undoubtedly prove to be the best yet. Therefore the Thunder-Word salutes the many participants who have brought this event to the campus every spring.

The special consideration has been given to the Pullman Center, and Faculty and StudentGov. The student body has shown its support to the National Student Association as well as various other organizations.

Let us join their search for a more unifying element.

Wilson's Reviews

Let us look at the future with hope and optimism, and let us work together to make Highline College the best it can be.
Letters To The Editor

Editor:

Dear Editor:
The art students continue to have problems with the administration regarding the classroom situation here at the college. The administration has been very much out of touch with the students.

We are told that the administration has called again, and again for stepped up action. When we had but a few thousand men in Viet Nam, the military has called again and again for more can-

S.W.E.A. Elects New Officers

Helen Dubigk was elected President of the Student Washington Education Association (S.W.E.A.) at its annual convention held in Corvallis, Oregon last weekend. Dubigk, a junior at Pacific Lutheran University, was named the state president by the national executive board of S.W.E.A. at its national convention in May. Mrs. Elenor Heino, 9-R Jody Morris, was named the adviser to the S.W.E.A. The club is sponsored by the Business Teacher Educators (B.T.E.) and the National Education Association (N.E.A.).

The S.W.E.A. was organized to represent the interests of students representing high schools, junior and senior high schools, and universities. The purpose of the club has been to provide a forum for the exchange of ideas and to promote the development of skills necessary for the effective teaching of education. The S.W.E.A. has been active in the state and the national level, and its members have been involved in a variety of educational activities, such as attending conventions and giving presentations on educational topics.

Brock Adams Speaks To Students:
New Draft Possibilities Outlined

Brock Adams, Governor of Washington, recently visited the campus of Highline High School in Burien and spoke to a large group of students about new draft possibilities. Adams outlined some of the different options available to young people who wish to avoid service in the military, and encouraged students to consider alternative forms of service. Adams also spoke about the importance of education and the need for young people to be prepared for the future.

Jeff Ford Has Leading Male Role in "Ladies of Culture"

Jeff Ford, a senior at Highline High School, has been cast in the leading male role in "Ladies of Culture," a play that will be performed at the Seattle Repertory Theatre in April. Ford, who is also involved in the drama club at Highline, has been active in a variety of theatrical productions and has been recognized for his talent. In addition to his work on stage, Ford is also involved in community service and has been involved in a number of educational and civic activities.

Fleming Winner in National Meet:
His Manual to be Used by Airlines

For Jon Hensley

Dick Fleming, a 33-year-old Army veteran and Industrial Relations instructor at Highline High School, was named the winner of the National Debate Conference held in Seattle last month. Fleming's manual, "The Complete Guide to Industrial Relations," was named the winner in the category of "Best Manual." The manual has been widely used by industry and is considered to be a valuable resource for those interested in the field of industrial relations.

B.C. Debaters Go to O.S.U.

The Highline debaters were recently invited to participate in a tournament at Oregon State University. The debaters, including Robert Robertson, the co-director and Ralph Rosin, the debate coach, were invited to participate in the tournament by the Oregon State University Debate Team. The debaters will be competing in a variety of events, including speech, and will be representing Highline High School.

The Arts . . . Collegiate Style . . .

by Phil Barks

The arts can enrich us from the life and swell that our education has brought us. The arts can also be a part of the college experience you have. Fine arts, music, dance and the performing arts can all enrich our lives. The arts can also be enjoyed in a simple way, but can be very meaningful when all other means to the arts fail. The arts are important to the college experience because of the way they can enrich our lives.

Montgomery College has recognized the need for the arts to be added to the curriculm. Montgomery College is in the midst of creating a new College Fine Arts Program. The program will be located in the area of the College Fine Arts Building. The program will be administered by the College Fine Arts Program Director. The program will be designed to provide a comprehensive program of fine arts education for students.

The program will offer a variety of courses in the arts, including art, music, dance, and theater. The program will also offer classes in the arts, such as music composition, dance composition, and theater composition. The program will also offer a variety of workshops and seminars in the arts, including workshops in art, music, dance, and theater. The program will also offer a variety of events in the arts, such as concerts, plays, and dance performances. The program will also offer a variety of opportunities for students to participate in the arts, such as membership in a music or dance group, or participation in a play or dance performance.

The program will be open to all students, regardless of their major or minor. The program will be designed to provide students with a comprehensive education in the arts, and to help students develop a lifelong appreciation for the arts.

The program will also be open to the public, and will offer a variety of events and performances for the public to enjoy. The program will also offer a variety of opportunities for the public to participate in the arts, such as membership in a music or dance group, or participation in a play or dance performance.

The program will be located in the area of the College Fine Arts Building. The program will be administered by the College Fine Arts Program Director. The program will be designed to provide a comprehensive program of fine arts education for students.

Montgomery College is committed to providing a comprehensive program of fine arts education for students, and to helping students develop a lifelong appreciation for the arts.
Display Creativity of Highliners

Art Auction Preview Today and Tomorrow
Compositions painted by student artists will be exhibited this evening and on Thursday at 4:30 p.m. in the art room. The 12th to 10th grades will have a combined art show and sale on Thursday to benefit Foundation for Foundation Hall. Students will have a chance to display their own work, and a chance to share the same with others. The auction will include a display of art pieces ranging from small sculptures to large paintings and drawings. The sale will feature handcrafted items like jewelry, pottery, and textiles, as well as a variety of other creative works. Admission is free, and refreshments will be served.

Leonard Johnson: Campus Wizard

by Veltry Johnson

We have all seen or read about him, and some of us have had the privilege of meeting him in person. Mr. Leonard Johnson, a native of Washington, is a distinguished figure in the educational world. He is the director of curriculum at Highline College and is well known for his dedication to education.

Mr. Johnson began his teaching career in 1961, first at Pacific Lutheran and then at Seattle Pacific College. He went on to complete a residency in a corner of the country as a graduate student. After earning his Master’s Degree, he accepted a teaching position at Lincoln High School. He instructed bookkeeping, his major, and also coached the basketball and cross country teams.

Mr. Johnson had also established a bookstore role he set up shop in a vending machine in the student union. The bookstore was completed, and the student body was pleased with the convenience of the location. Mr. Johnson’s accomplishments and contributions are further reflected in his ability to manage his family and his work.

The duties he performs are ever busy. He must be prepared for any task that comes his way and must be able to adapt to any situation. His personal life is also full of activities, including fishing and golf. He may also take in a workshop or lecture, or even attend a national library meeting.

Mr. Johnson’s home life is far from the only thing he manages. He also manages his taxes, his investments, and his other financial matters. He may also take in a vacation trip to Iceland, and a workshop on improving his computer skills.

Mr. Johnson is a man of many talents and interests. He is always ready to help others and is respected by both his peers and his students. His dedication to his work and his community is not only admirable, but also inspiring.

For more information about Mr. Johnson and his contributions, please visit the Highline College website or contact the college directly.
Indian Bones Unearthed at Redondo Beach by Construction Crew, May 8

By Pat Koyama

Monday is a day when the Long Beach City College Architecture and Technology instructors were out in the woods, searching for Indian bones. The crew had been working on a construction project for the city of Long Beach, and when the digging was done, they found some interesting bones.

Thunderbirds Win Final Meet

The Highline College track team ended the 1966 season with a third place finish in the Northwest Conference meet held at Tacoma, Washington. The meet was held at the University of Washington and was won by Western Washington University. The Thunderbirds finished with a team score of 187, while Western Washington scored 285 and Eastern Washington University scored 189.

Women Capture Sixth in Northwest

The Highline College women's track team took sixth place in the Northwest Conference meet held at the University of Washington. The team scored 53 points, finishing ahead of Columbia College (7), Portland Community College (3), and Western Washington University (1). The team was led by Norm Holmberg, who finished third in the 75-meter dash with a time of 25.4. Fred Lu, the team's top scorer, placed second in the 100-meter dash with a time of 10.2.

Football Looks Unlikely in '67 Due to Shortage of Funds

By Pat Fowler

Why doesn't Highline have football? It's a question that football fans have been asking for years. The answer is simple: there just isn't enough money to support a football team. In recent years, the school has been struggling to meet its financial obligations, and football is one of the first programs to suffer.

Women's Tennis Team

The Highline College women's tennis team made the long trip to the Pacific Northwest Women's Tennis Tournament. The team, led by Clarke, enjoyed some success by making it to the quarter finals before losing to Central Washington.

Golfers Secure Tie With Wing

The Highline College golf team tied with Wing for a score of 394 at the Centralia College State Track Meet. Norm Holmberg fired a 75 to lead the team. The Thunderbirds tallied their lowest score of the season with a team record of 285.

Three-Season Track Meet

The Highline College track team hosted a three-season track meet at the new facilities on the campus. The meet was held in honor of coach Phil Kastens, who has been instrumental in the development of the team. The meet featured events such as the mile, two-mile, and intermediate hurdles.
Faculty To Wear Formal Regalia At Commencement

Dr. Allen Talks To Education Classes

The academic regalia worn by all faculty members at the Commencement ceremony will be worn by those who hold an earned degree from an academic institution. The regalia consists of a cap, gown, and hood. The cap is worn by all faculty members regardless of the institution from which they received their degree. The gown is worn by all faculty members and is not based on the institution from which they received their degree. The hood is worn by all faculty members and is based on the institution from which they received their degree. The hood is also based on the academic level of the degree received. For example, the hood for a master's degree is a different color than the hood for a doctoral degree.

Mrs. Feddor Returns

Miss Jean Burroughs

The War on Poverty programs are in need of volunteers to help more than half a million children. Volunteers are needed to help with various War on Poverty programs, including Head Start, Work Projects Administration (WPA), and the Community Action Agency (CAA). Volunteers are needed to help with educational programs, such as GED preparation, and to help with social services, such as job training and counseling.

Interest Is Shown In Occupation Programs

Education classes, such as those offered by the College of Education, are in need of motivated students to help with the educational programs. The College of Education has a large number of motivated students who are interested in helping with the educational programs. These students are motivated to help because they believe in the importance of education and want to make a difference in the lives of others.
