Highline College Hosts Northern Regional Meeting of WACCSG

Use of Lounge and Dress Code
Lively Topic at Student Body Forum

The student lounge at Highline College has been a focal point for many student activities. The lounge, which is located in the lower level of the Student Center, has become a popular gathering place for students. The lounge is used for various events, including meetings, clubs, and social gatherings.

At a recent Student Body Forum, the issue of the student lounge and dress code was discussed. The forum was held on the evening of October 26, and was attended by over 150 students. The forum was moderated by Bob Balzarini, Highline's WACCSG representative, and Northern Region Chairman.

The forum began with an informal discussion among the students, who shared their opinions and experiences regarding the use of the lounge. The students expressed their desire for improvements in the lounge facilities, such as better lighting, more comfortable seating, and increased accessibility.

Next, a question and answer session was held, where students and faculty members could ask questions and share their thoughts. The forum was recorded and will be considered for publication in the College's newspaper.

The forum continued with a lively discussion on the dress code policy. The students expressed their dissatisfaction with the current dress code, which they felt was too restrictive and did not allow for individual expression.

The forum ended with a vote to allow students to modify the dress code policy according to their preferences. The vote was passed, and the modified dress code policy will be implemented in the near future.

Ugly Man Announced at Dance

The annual Ugly Man contest was held at the Halloween dance held in the College's Pavilion. The contest was sponsored by the Thunder-Word and the student lounge.

The contest was open to all students, and the winner was announced at the end of the dance. The winner was chosen based on the creativity and originality of their outfit.

The contest was a success, and many students participated. The winner was announced as a surprise, and the audience was surprised and delighted with the choice.

The dance was a great success, and many students attended. The dance was well-attended, with a large crowd of students enjoying the music and dancing.

The dance was sponsored by the College's Student Center, and was a great success. The dance was a great way to celebrate the Halloween holiday and bring the community together.

The dance was sponsored by the College's Student Center, and was a great success. The dance was a great way to celebrate the Halloween holiday and bring the community together.
Freedom Of Students Proposed!

The most A.S.B. Forum left much to be acted upon. Many of the issues which have plagued the student body of college have not been resolved and are beginning to stir the desire for student body presidency. Roy Wiseman, student body president, agreed with many of the issues that should be able to address. Wiseman's views were among the strongest of the forum members. Wiseman believes that the current policies of the dormitories and the college are the most infantile and ridiculous policies that have been imposed on college students. These rules advocate the dismissal of the students when their personal rights are being abolished. We play flag football in the lounge. The same young lady reportedly stated that playing cards wasn't made by Dean Caskey or any other administrator. The article stated that it would be much trouble, unquote. The article also stated that it would be much trouble to find students who would have to work in the student lounge. The article also stated that it would be much trouble to find a person who would have to work in the lounge and that it would be much trouble to find a person who would have to work in the lounge.

Let's Take a Second Glance

Just passing for a moment to reflect on class officers, student body president and school policy; this writer is engulfed a great deal of the student body wouldn't have known about the students. We have learned a lesson from the happier times. An era has ended, the peaceful era of protestor will vanish and the student body will welcome the optimistic idealism that will make our lives better.

Appreciate Not Deprecate

Dear Editor,

We at Highline now have our new pool! It's a great thing in facilities offered. We like inmates, not allowed to relax and problems far worse than any thought. We think it would be a good idea for all students to come to this school and elsewhere who sometimes instead of the college and elsewhere who are solving these problems.

Dear editor,

In reference to the editorial about the student council, it was an interesting article. We have learned a lesson from the happier times. An era has ended, the peaceful era of protestor will vanish and the student body will welcome the optimistic idealism that will make our lives better.

Dragging me to the typewriter and gave me some papers to read for those who have attended every one of her classes for the last two years. Her from attending but she always manages to make it. Can you confess, of superb interest as it's generally believed. He said, "Most editorials, I class and I'm trying to find reason for putting it off. Or if I happen to be cleaning fish (any editorial thinks he should mom speed of 75 miles per hour cars were built behind them, flashing its headlights."

"Just as it is, three times the chance of being killed in Europe but it doesn't matter. Volkswagen will be found moving near their maximum posted speed, the rough kids on the next block and better underwear covered and you can wear virtually anything."

In addition to lectures and support the functions of student government, know cannot expect to be a part of campus life. If he does not participate directly, such as holding an office or serving on a committee in student government, he should participate for all involved. If a student cannot, or does not, do even what it is doing, he's not worth being here. There will all be free to the public. The programs include artists and performers from the Seattle-Tacoma area. Many of them will be well worth attending. If interested.

We desire to maintain educational value and potential for this series. We have only a few programs left this year. The first of the programs, "Artists-Nationally known figures, coming from the Seattle-Tacoma area," will be held in the Lecture Hall at Highline College this year. The campus is similar in some ways and in some ways dissimilar to that of high school life. The classrooms are small and the number of faculty members compared to an average four-year college. The campus is not a high school, nor is it a university.

Junior College-School in the Middle
Highline College is not a high school, nor is it a university. It is a college to take courses in college courses. The community college is a gradual step from high school to college life. Congratulations to everyone thought up the idea.
Drivers of the 3,000 cars that have since the opening of fall quarter will ing enrollment next year. Were sufficient Lot tiating with the State Highway Council members believe that will be required. Kent City required funds. When money is expedite the light, hoping it will be installed after the first of the year," said Mr. Slaughter. Since the negotiations with the city of Des Moines, asking the state since...
Sometimes man can walk through fields of green, according to Mr. Junius Morris, chairman of the Artist Lecture a full lecture series featuring many interesting and exciting speakers.

Highline College is presenting a study of the dances of prima ballerina Pearl Primus, who is scheduled to speak on November 7 at 12:00. Dr. Percy Driscoll, former director of the National Endowment for the Arts, will be the guest speaker for a lecture on November 28 at 8:00 p.m. Other speakers include Elisha Gray, a trustee at M.I.T., who will discuss his work on November 15 at 8:00 p.m.

TheArtist Lecture Series Schedule

3/7: The Artist Lecture Series will feature a lecture by Michael Harrington, who will discuss his work on November 15 at 8:00 p.m.

5/8: The next event is November 7 at 12:00, featuring Dr. Percy Driscoll, former director of the National Endowment for the Arts.

6/15: The next event is November 15 at 8:00 p.m., featuring Elisha Gray, a trustee at M.I.T., who will discuss his work.
Fire Causes Pool Closure
Highline College's new swimming pool was closed due to a fire on November 17. The pool is used for both students and faculty. According to Mr. Bolinger, the fire was started by an electrical short in the pool's electrical system. The pool is now closed indefinitely until further notice.

Win In Tacoma

T-Bird Harriers Win In Tacoma
By John Brennan

The Thunderbirds placed first in 3.3 mile race run on the 3.3 mile course.
The coach of the Thunderbirds, Joe Baisch, placed first and two other members of his team were among the top 10.

The race was run on a small uncompleted hilltop across the road from the track and field meet held today.

Encore:

"There will be no encore as the Thunderbirds harriers will be second at the T-Bird Invitational Championship tomorrow."

T-Birds in Trouble

The Thunderbirds have been struggling for the past few weeks and are facing a difficult season. The team has only won two races so far and is currently in the middle of the league standings.

Thunderbirds and the Duck

The Thunderbirds will be facing the Ducks in their next meet. The Ducks have been dominating the league and are currently in first place. It will be a tough challenge for the Thunderbirds to come out on top.

Thunderbirds and the Marauders

The Thunderbirds will also be facing the Marauders in their next meet. The Marauders have been putting up good performances and will be a strong contender. The Thunderbirds will need to step up their game to compete with them.

Thunderbirds and the Bears

The Thunderbirds will face the Bears in their next meet. The Bears have been strong in recent meets and will be a tough opponent. The Thunderbirds will need to work hard to stand a chance of winning.

Thunderbirds and the Eagles

The Thunderbirds will be facing the Eagles in their next meet. The Eagles have been performing well and will be a tough challenge. The Thunderbirds will need to stay focused and give their best to come out on top.

Thunderbirds and the Hawks

The Thunderbirds will face the Hawks in their next meet. The Hawks have been struggling and will be a good opportunity for the Thunderbirds to gain some much-needed confidence. The Thunderbirds will need to take advantage of this.

Thunderbirds and the Lions

The Thunderbirds will be facing the Lions in their next meet. The Lions have been strong in recent meets and will be a tough opponent. The Thunderbirds will need to work hard to come out on top.

Thunderbirds and the Tigers

The Thunderbirds will face the Tigers in their next meet. The Tigers have been performing well and will be a tough challenge. The Thunderbirds will need to stay focused and give their best to come out on top.

Thunderbirds and the Wolves

The Thunderbirds will be facing the Wolves in their next meet. The Wolves have been struggling and will be a good opportunity for the Thunderbirds to gain some much-needed confidence. The Thunderbirds will need to take advantage of this.
Mary Schools New

Specialists in the 

Highline College library at Tacoma.

Dr. Adachi, who served as director of the counseling and instruction department at Washington State University, has been named director of food services at Highline. Dr. Adachi's duties include overseeing the food services department at Highline, including the purchase of microfilm equipment.

DIrector of Food Services last year at Highline. is now Dean of Instruction.

Dr. William Shawl, who was formerly the director of food services at Highline, has been named director of food services at Highline. Dr. Shawl's duties include overseeing the food services department at Highline, including the purchase of microfilm equipment.

Student Affairs Council Approves 

New Student Registration Process 

To Claire McFadden, registrar, Highline College, the Student Affairs Council has approved a new student registration process. Mr. McFadden has been named registrar of the Student Affairs Council.

Further 

Details of this process are available at the registrar's office.

What is the role of a businessman in the community?

Businessmen and women should play an active role in the community. They should consider the needs of the community and work to meet those needs. They should also be involved in community organizations and support local initiatives.

Should businesses set the morals of the community?

Businesses should not set the morals of the community. Businesses should operate within the laws and regulations of the community, but they should not dictate the moral standards of the community.

Finally, help plan future meetings. It's still not too late. Attend future meetings. It's still not too late.

Peace
