Brock Adams Addresses Highline Student Body

Brock Adams, a Democratic representative from Washington, addressed the Highline Community College student body on January 10, 1969, at 12:00 noon in the auditorium. Adams discussed various political issues, including budget cuts in military spending, Medicare, and federal expenditures. He also talked about the 15th of the month being the 10 percent surtax for U.S. citizens traveling abroad. Adams commented on the possible effects of U.S. presence in the Middle East and the cost of Vietnam. He mentioned that Vietnam is only one of the United States' problems, pointing out another issue of military men, our oil supply coming by one arm, while we were so preoccupied in Vietnam.

Soph. Class Plans Mad Day

The Sophomore Class will sponsor Mad Day on Thursday, March 20, one of the main events of the annual fun week off to a year's end. The class hopes for a good turn out of students and faculty. A meeting will be held in the Aud room at 6:00 PM on Monday, March 17, to plan the day. The drop for Mad Day will be from 6:30 PM to 11:00 PM, Saturday, March 29, in the cafeteria. Prizes will be given to winners of games sponsored on Mad Day.

EDC Receives New Computer

The Educational Data Center recently installed a 360-40 computer. This computer will handle programs such as grade reporting, preparing student transcripts and paychecks for staff and faculty. A new computer, the 360-40, will be involved with computerized record keeping, student transcripts and paychecks for staff and faculty. Prior arrangements were made with the college. The new computer, costing approximately $1.00 per person, and the general public will be given their own terminals.

Queen's Coronation Saturday Features Musical Group "Four In The Morning"

Queen's Coronation will feature the musical group "Four In The Morning". The musical group will present a selection of songs, including a new release of "Aunt Tilly". They will also perform songs such as "The Fools of Life" and "The Last Time Worrying About A Single Set Of Relatives". The musical group will be accompanied by aBackup vocal group, who is also personal to the performers. The group will also perform songs such as "The Fools Of Life" and "The Last Time Worrying About A Single Set Of Relatives".

Pianist Greg N. Short Plays Thurs. Happening

Mr. Gregory N. Short gave a piano recital on Thursday, January 10, 1969, at Highline Community College. Mr. Short, a self-taught musician, performed a variety of music, including sonatas, over 100 pieces of music, and preludes for orchestra on the piano. He also sang a mellow baritone and performed a selection of his own songs. Mr. Short was born in Top Hat, Montana, and started playing the piano at the age of 12. He has played in various clubs and organizations, including the Pacific Northwest Symphony. Mr. Short concluded his performance with a selection of his own songs.

The "FOUR In The Morning" group will be followed by the musical group "Four In The Morning". They will present a selection of songs, including "Aunt Tilly". They will also perform songs such as "The Fools Of Life" and "The Last Time Worrying About A Single Set Of Relatives".

Attendance Down

Registration figures show that the number of students registering for the spring quarter is down significantly from last year. The drop in registration is due to a number of factors, including a decrease in the number of high school graduates in the area and a decrease in the number of returning students. The drop in registration is also due to the cost of registering for the spring quarter. The cost of registration for the spring quarter is approximately $3.00 per credit hour, compared to $1.00 per credit hour last year. The cost of registration for the spring quarter is due to the increase in the cost of education, including the cost of textbooks and supplies.

Editorial - - Kan E Yas O

Three cheers for the approval of Kan E Yas O! The students, faculty, and administration at Highline College have come together to form a new newspaper, "Kan E Yas O". This newspaper is a reflection of the students' desire for a voice in the college community and a platform for expressing their ideas and opinions.

Kan E Yas O will be published bi-weekly, covering a wide range of topics including campus news, student profiles, and events. It is our hope that this newspaper will serve as a forum for the exchange of ideas and a means of promoting dialogue and understanding among the students, faculty, and administration.

We, the members of the Student Government, are excited about the launch of Kan E Yas O and look forward to seeing the growth and development of this publication. We encourage all students, faculty, and staff to support this newspaper and contribute to its success.

Letters to the Editor

Dear Editor,

I would like to comment on the recent events in China. It is a sad day when a country as powerful as China is forced to withstand such hardships.

Sincerely,
[Student Name]

Highline Host Open House

The Associated Student Body (ASB) is hosting an open house for all students, faculty, and staff to tour the new facilities on campus. This event will be held on February 27th, from 2:00 pm to 4:00 pm at the Student Center.

Letters to the Editor

Dear Editor,

I would like to express my support for the new open house event on campus. This is a great opportunity for students to explore the new facilities and learn about the various clubs and organizations on campus.

Sincerely,
[Student Name]

Highline Host Open House

Recently, a number of students expressed concern about the quality of the food served at the open house. We, the students, faculty, and administration, want to assure everyone that we take these concerns seriously and are working to improve the quality of the food.

Sincerely,
[Staff Name]

T-Word Staff

The Thunder-Word's publication staff consists of the following members: [names of staff members]. We are excited to bring you the latest issue of our newspaper.

Letters to the Editor

Dear Editor,

I would like to share my thoughts on the recent events in China. It is a difficult time for the Chinese people, and we must do all we can to support them.

Sincerely,
[Student Name]

"The pressure is growing," Highline's new Offset Printing Program director and were the students a general specialization. But,  to give this student in his own chosen specialty. They have also organized a student union within the department with the latest photographic and printing equipment and techniques. Mr. Richard Schepper and student volunteers have check a freshly-printed page just as it is off the press. This is called the camera-ration. Platemaking and offset-working all of which are included in the Offset Printing Program.

The program is open as long as there is space available. This enrollment need not be at the beginning of a regular school quarter, but the program is a way to keep the community college level going. It can be taken at any time. It is possible to catch up later or to take a special course, for example, a course in graphic design.

Today printing is a highly technical field. Highline has supplied the equipment and facilities for a new Offset Printing Program. The tradesman-printer, in the Greater Seattle Area, earns on the average of $8,700 a year. When the equipment is operational, Highline's Print Shop will be able to print calendars, bulletins, and many others. It is just a few of the specialties in the fields of printing.

Standard Rates

Every quarter so much material is collected in the college's printing department such as the college newspaper, the student union newsletter, and other publications. The equipment in the college's printing department is used by the students in the Offset Printing Program. The students are supervised by the Offset Printing Program director. Mr. Woodward Clarifies
Physical Education Issue

"Nobody has to take physical education if they don't want to," Mr. Woodward, chairman of the Health and Physical Education Division, stated during an interview last week. "However, our policies are based on the assumption that if a student has the time and interest to take more credits in physical education, they should be able to do so without any difficulties.

"In addition, Mr. Woodward points out that there is very little in the way of Waubonsee that prevents the average student from receiving the physical education credits they need to stay healthy, strong and in good mental condition.

"For example, Mr. Woodward adds, "hasn't taken anything that is physically demanding, but he should be encouraged to participate in a variety of physical activities."

The problem, according to Mr. Woodward, is that many students are not aware of the benefits of physical education. They are not aware that engaging in physical activities can help them stay healthy, strong and in good mental condition.

"I feel that we should do more to educate students about the importance of physical education," Mr. Woodward concludes. "We should also make it easier for them to participate in a variety of physical activities."

Bellows, Moore Win
Tennis Without Loss

Lyle Bellows and Sue J. Moore have been swept twice in their doubles tennis matches against the packs. Both matches were against the Grays Harbor Thunderbirds, a strong team known for their ability to compete at the highest level.

In their first match, Bellows and Moore faced a tough opponent in the form of the Thunderbirds' Todd Adams and Terry Moore. The match was a close one, with the Bellows and Moore team winning the first set 6-4 and the second set 6-1, but losing the third set 4-6. In the second match, the Bellows and Moore team faced another tough opponent in the form of the Thunderbirds' Gary Williams and Tony Johnson. The match was even closer, with the Bellows and Moore team winning the first set 6-3 and the second set 6-1, but losing the third set 1-6.

Despite the losses, Bellows and Moore remain confident and are looking forward to their next matches. They hope to win their next matches and advance to the next round of the tournament.

**Preen & Write**

*By Bill Lough

January 15, 1969...in Auburn...

The Thunderbird atmen, in their first season of intercollegiate competition, have steadily improved throughout the year although losing their first match to the Thunderbirds from WSU.

The Thundermen's goals, in their first year of intercollegiate competition, have been marked by success. The Thunderbirds, coached by Ron Lamb, have compiled a 3 win, 3 loss record in their first season.

The Thunderbirds' success has been built on a strong defense, with the Thunderbirds allowing only 75 points per game. The Thunderbirds' offense, however, has struggled, averaging only 60 points per game.

The Thunderbirds' most consistent player has been Bill McDowell, who has averaged 15 points per game. Other key players include Mike Vernon, who has averaged 14 points per game, and Dave Packard, who has averaged 13 points per game.

The Thunderbirds' next match will be against Green River, who are expected to provide a tough challenge. The Thunderbirds will need to improve their offense if they hope to defeat Green River.

The Thunderbirds' season will continue until March 7-9 inclusive. In the meantime, the Thunderbirds will focus on improving their defense and increasing their offensive production.
