Ground Broken For New Fountain

Dr. M. A. Allan 1977 President of Highline Community College, broke ground for the new Faculty Building with a distinctive golden shovel on April 12. The groundbreaking ceremony was held outside the entrance of the newly constructed building. The event was a significant moment in the College's history and marked the beginning of a new era.

The Faculty Building was completed just this year. Under the supervision of William Scaring, head of that Department, Sophomore Class Advisor, and Secretary, the building additions were designed and completed. The college has served as an important cultural and educational center for the community and is expected to continue to be a vital hub of learning and growth.

The ceremony was attended by faculty, staff, and students, who were all excited about the new building and its potential to enhance the educational experiences of the community. The groundbreaking was a symbolic gesture of the College's commitment to providing a high-quality education and fostering a supportive learning environment.

The Faculty Building is designed to accommodate the increasing number of students and to provide state-of-the-art facilities for teaching and learning. It includes modern classrooms, state-of-the-art laboratories, and a variety of other resources that will support the educational needs of the community. The building is also designed to be energy-efficient and environmentally sustainable, reflecting the College's commitment to sustainability and social responsibility.

The groundbreaking ceremony was a moment of celebration and anticipation for all those involved in the College's growth and development. It marked the beginning of a new chapter in the College's history and set the stage for continued growth and progress in the years to come.

Poverty To Riots, Riots To Ashes, and Ashes To Poverty

Americans everywhere acknowledge the inexcusable and unqualified black mustards in our society. He would be awed if he could have seen the behavior. Most of the activity tracked his battle. It is a pity.

The world will mourn the death of this great man who has made a serious and sincere effort to lift all humanity to higher standards of justice, equality. Abolish everywhere the existence of a great man.

Ashes, and Ashes To Poverty

A Memorial To Martin Luther King

The death of a great person can never be the occasion for gloating, but this is not the death of any ordinary person. This was the death of one of the greatest leaders the world has ever known. This was the death of a man dedicated to his work, committed to his principles, and undying in his endeavor.

Now, Martin Luther King's death will act as a demoralizing agent on the Negroes in the United States. The Negroes will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice. They will become fearful of any similar sacrifice.

The world will mourn the death of this great man who has made a serious and sincere effort to lift all humanity to higher standards of justice, equality. Abolish everywhere the existence of a great man.

Poverty To Riots, Riots To Ashes, and Ashes To Poverty

The letter to the editor is a response to a previous article discussing the effects of poverty on society and the potential for violence.

The letter raises questions about the role of the government in addressing poverty and the potential consequences of not doing so. It also questions the effectiveness of military intervention in resolving political issues.

The letter highlights the importance of addressing the root causes of poverty and the need for a more equitable distribution of resources.

The letter concludes with a call to action, urging readers to consider the implications of poverty and the need for collective action to address it.

Easter Day, the Feast of the Resurrection of Jesus Christ, is the most sacred holiday of the Christian Church and the one that most closely follows the ancient pagan rites. The most ancient of the Easter customs is the Paschal Lamb, which was sacrificed in the ancient Greek festival of Easter. The Paschal Lamb was also considered to be a symbol of the victory of light over darkness, of truth over error, and of goodness over evil.
