Tide of Apathy Recedes; Forum Shows Interest

That students in this school are feeling less apathy is what is plain to many from the administration and not just a little to playing. But it is not true that there are four students on the floor and that the students and their parents are the only ones interested in their future. The problem is far more complex and the solutions are not easy to find. Yet there are other factors that may contribute to the feeling of apathy. Here is a sampling of some of these factors:

- Lack of perceived relevance: Students may feel that their education is not relevant to their future careers or personal goals. This can lead to a lack of motivation and interest in their studies.
- Overwhelming information: With so much information being thrown at students, they may feel that it is impossible to keep up or that there is no point in trying.
- Feeling of being overwhelmed: Students may feel that the workload is too much for them to handle, which can lead to stress and a lack of motivation.
- Lack of support: Students may feel that they do not have the support they need from their teachers, peers, or family to succeed.

CHOICE '68

Apathy Defended

CHOICE '68, designed as an alternative college student organization to address the concerns of students, was formed. A good case could be made of this to demonstrate the moral turpitude of apathy that the school seems to have. However, in view of what the purpose of CHOICE '68 was, it is not surprising that the majority of college students today are under 25 years of age. Although it seems understandable for young people to be interested in and excited about the world around them, there is an underlying concern that many are in some way disenchanted with the world and the choices they face. This is not necessarily a bad thing, as long as it is balanced with a realistic understanding of the world and the choices that await them.

Petitions Invade Highline Campus

Interventions of American democracy provide many things for the campus to applaud. On the other hand, petitions are a powerful tool for students to use to express their views on campus issues. On the Highline Campus, the recent elections provided a field day for petitioners. In particular, the petition drive for student government was very active, with students signing up to support their favorite candidate. This is an important way for students to participate in the democratic process and to have their voices heard. However, it is also important to ensure that the process is fair and that all students have an equal opportunity to participate.

Columbia Students Irresponsible

A strike at Columbia University in New York protesting the contract in a labor dispute is underway. The university has allowed itself to be a victim of a strike by workers who are out of work and people who have no reason to protest for invalid reasons: basically it's to stop students from using university buildings. The university has allowed itself to be a victim of a strike by workers who are out of work and people who have no reason to protest.

Many students have been protesting the university's decision to suspend construction of the controversial gymnasium. But University President Jay H. C. Waggoner has made it clear that the university will not be intimidated by the strike. He has said that the university will continue to build the gymnasium, regardless of the protests.

The strike has also been challenged by the university's Trustees, who have called it an illegal strike and have vowed to take legal action against the striking workers.

In response to the strike, the university has suspended classes and has closed its doors to the public.

Love and Life

In the United States, love and life are not always synonymous. The concept of love is often idealized, while life is often seen as a constant struggle. However, there are many individuals who are able to find happiness and fulfillment in both.

Love is not just about romantic relationships, but also about the relationships we have with our family, friends, and community. Life, on the other hand, is about facing challenges and finding ways to overcome them.

It's important to remember that love and life are not separate, but rather intertwined. By embracing both, we can experience a fuller and more meaningful life.

Letters to the Editor

I Protest

Dear Editor,

At the Executive Board meeting of the Columbia Student Union, I expressed my opinion that the university's decision to suspend construction of the gymnasium was unjustified. I believe that the university is being forced to make such decisions solely because of the strike.

I am not advocating for the strike to continue, but I do believe that the university should be more flexible in its decision-making process.

Tiger Mountain

Dear Editor,

I oppose the university's decision to suspend construction of the gymnasium. The university has the right to make its own decisions, but I believe that the university should be more transparent in its decision-making process.

I would like to see the university work more closely with the students to ensure that the gymnasium is built in a way that meets the needs of all students.

Columbia Students Irresponsible

Dear Editor,

I support the university's decision to suspend construction of the gymnasium. The university has the right to make its own decisions, and I believe that the university is acting in the best interests of the students.

I am not aware of any students who have been protesting the university's decision to suspend construction of the gymnasium.

Strinden Outlines Philosophy Of Career Planning

"I think everyone should be fired, at least as in my own case," said Bob Strinden, a counselor at Thunderbird. "It's important that you don't get too comfortable in your job." He also pointed out that it's important to keep your career goals in mind.

Mr. Strinden's dissertation focused on career planning. He has been working on this project for several years.

He also suggested that everyone should be fired, at least as a way to reevaluate their goals.

Mr. Strinden's dissertation was presented at the Recent Directions in Career Planning Conference in San Francisco.

Brouillet Writes Dissertation On College Organization

F. Brouillet, a political science professor at Seattle University, has completed a dissertation on college organization.

He says that the current system of college organization is inefficient and needs to be changed.

He also suggests that a new system of college organization should be developed.

Mr. Brouillet's dissertation was presented at the American Political Science Association meeting in Chicago.

Mr. Brouillet's dissertation was presented at the American Political Science Association meeting in Chicago.

Population Survey Made

Mr. Brouillet also presented a population survey he conducted in the area.

He found that the population of the area is growing rapidly.

Population surveys are important because they help us understand the needs of the population.

Spring Arts Festival

Genuine Originals To Go

Artwork done by Highline students during the year will be exhibited during the first part of the Spring Arts Festival and then sold at an auction on Sunday, May 26. The auction will begin on Sunday at 2:30 p.m. and will be held in the Lecture Hall. Half of the money made from the auction will be paid to the artist-student, while the other half will be contributed to the Highline Art Scholarship Fund. The artwork, selected by the three art instructors, Hellyn Pawula, James Gardiner, and William Mair, as well as by members of several art classes, will include mobiles, slides, wood springs, large, realistic oil paintings, colorful boxes, and sculptural three-dimensional designs.

Wind Ensemble Featured

A new Rodgers organ will be on display at the concluding event of the annual Spring Arts Festival here on campus at 8 p.m. on Monday, May 27. The Wind Ensemble, featuring soloists Rex Rice on trombone, Marvin Rogers on trumpet, Wendy Collins on flute, and Betty Heritage on clarinet, will take the stage accompanied by the Highline College Choir. The group will perform a variety of vocal numbers ranging from madrigals to contemporary selections. The Wind Ensemble will also perform a selection of instrumental pieces, including "Lord, Most High," "From the End of the Earth," and "The Lord's Prayer." The group is conducted by Gordon Voiles and features a variety of solos and ensemble arrangements.

The Highline College Vocal Ensemble, The Minnesingers, will sing a variety of vocal numbers ranging from madrigals to contemporary selections. The group is especially fond of the popular "Music to Watch Girls By" and "Up, Up, and Away," which will both utilize a rhythm combo.
Begins Next Wednesday

The Highline College Drama Department will present "Archi and Mehitable" in the Sue Beauperthuis Memorial Lecture Hall starting at 7:30 p.m. on Wednesday, May 22. A comedy written by Don Marquis, the play centers on a young landlady named Bess Beeperthuis, who encounters more than the usual amount of problems on her wedding day. The play opens with a surprise that leaves the entire house in pandemonium. In the midst of the chaos, Bess discovers that her new husband, Archy the cockroach, has been living in the house for some time. With the help of a wizard, Archy transforms into a normal-sized human but must maintain his cockroach body every 24 hours.

"Archi and Mehitable" is presented under the direction of C.M. Sandifer, who has also directed "Private Lives" and "An Italian Straw Hat". The production promises to be a light-hearted and entertaining piece, perfect for the spring season.

"Archi and Mehitable" will be performed at 7:30 p.m. on Wednesday, May 22 and Sunday, May 26. There will also be a matinee performance on Monday, May 27 at 1 p.m. Tickets are available at the box office and at the door. Advance reservations are recommended due to the limited seating capacity of the lecture hall.

"Archi and Mehitable" is one of the plays featured in the Highline College Drama Department's Spring Arts Festival. The festival is a celebration of artistic expression, showcasing various forms of theatre, music, and visual arts. The festival schedule is as follows:

- **Tuesday, May 21**: Vocal and Instrumental Recitals in the Lecture Hall at 12 noon and 7 p.m.
- **Wednesday, May 22**: "Archi and Mehitable" at 7:30 p.m. in the Sue Beauperthuis Memorial Lecture Hall.
- **Thursday, May 23**: Soloists in the Lecture Hall at 12 noon and "Archi and Mehitable" at 7:30 p.m. in the Sue Beauperthuis Memorial Lecture Hall.
- **Friday, May 24**: Student Recitals in the Lecture Hall at 12 noon.
- **Saturday, May 25**: "Archi and Mehitable" at 7:30 p.m. in the Sue Beauperthuis Memorial Lecture Hall.
- **Sunday, May 26**: "Archi and Mehitable" at 1 p.m. in the Sue Beauperthuis Memorial Lecture Hall.

The festival concludes on May 26 with a matinee performance of "Archi and Mehitable" at 1 p.m. in the Sue Beauperthuis Memorial Lecture Hall. The festival will feature various performances, including vocal and instrumental recitals, soloists, and plays. The festival is open to the public, and admission is free.

For more information about the Spring Arts Festival and other events, visit the Highline College Drama Department's website or contact the department directly. The festival is a wonderful opportunity to experience a variety of artistic expressions and support local talent. Don't miss out on this exciting event!

Fridoy, May 17,

knowledgeable people have made some astounding statements comparing the current situation in Vietnam to that of the United States. They have argued that the Vietnamese have been treated only in the context of reaction to Western expansions, with the long-term elite without popular support. At the same time, the country is good for another. A cause of conditions unique to the peasant. The current situation is a result of the Vietnamese society's failure to understand people within the context of conditions unique to the country. Moreover, the Vietnamese have not yet discredited government and remain an island in decision-making abilities.

Mr. Pierce feels that if these major reforms and land reforms are not addressed, the general area of curriculum will suffer. We cannot afford the luxury of waiting for more emphasis on the local level of administration.

Seattle Totems Win Championship

by Robert R. James

PORTLAND - (Monday) - The Seattle Totems stamped the Portland Tigers in the Fast game, 4-1, in a 4-3 final third-period goal. The Totems were cellar dwellers in the National Hockey League, but Murray Costello and everyone received their defensive play, and the Portland Buckaroos were in the title. The list of praise desewed it and won it all the way.

Bill MacFarland tossed the puck into the shower. The Cup was filled with champagne and everyone in the locker room. The praise, laughter, and chants rang from the Thunderbuls' dressing room.

Win Championship

Seattle won the series four games to Murray Costello were a stunning victory over the National Hockey League Hawks. The individual playoff honors must go to coach Don Head and executive director Lamy Fielder (most Totem goals, including the winner). Actually no one player took credit for the success for it was a big team effort that won the game.

Thunderbird Invitational

The Thunderbird Invitational track meet was held on the year's home meet of the year. The Oregon State University freshman track quad high jump was collected 126 points, Tacoma took third with 44 points to beat out the T-birds, and Green River placed only eight rowers and a coxwain, record on the Willamette River. The winners in the four quad were: at stroke, Norm Baisch who threw the discus 144 feet and won the mile but placed second in the 2 mile to the University freshman track quad. The other winner was Jim Barkley who set a meet record of 9:17.7. His individual winners were: 440 yard run: OSU Frosh :42.0, 880 yard run: Jim Edmond (OSU) 2:00.7, 110 Intermediate hurdles: Leon Johnson (MU): 22.0, 880 Intermediate hurdles: Leon Johnson (MU) :50.7, 2 mile: Jim Barkley (OSU) 8:43.4, 300 yard hurdles: OSU Frosh :39.3, 440 yard hurdles: Rooks' Jay Pomeroy :50.3, High jump: OSU Frosh 7'0"; pole vault: Greer (T) 14'0"; long jump: Terry Strouder (OSU) 21'6"; javelin: Greg Ngny (OSU) 218'; discus: Jon Maloney (OSU) 144'1"; shot put: Rooks' Jon Maloney 144'1"; long jump: Highline's In Eun8singer; 4x100 meter relay: OSU Frosh 41'31h, 4x200 meter relay: OSU Frosh 1:25.9, 4x400 meter relay: OSU Frosh 3:48.1, 4x1600 meter relay: OSU Frosh 10:20.2.

Tom Lines, Conversion

One of Highline's finest sprinters is Tom Lines. He has been running and competing since high school and has established himself as a skilled athlete. Tom is a native of Shoreline and has been a consistent performer for Highline.

Tom Lines has been running the 100 and 200 meters, averaging a time of 9.9 in the 100-yard dash. He has also been running the 220 yard race with a time of 22.1, and he hopes to improve on these times in the upcoming season.

Tom Lines' coach, Mr. MacDonald, has been impressed with Tom's dedication and hard work. He believes that Tom has the potential to be a strong contender in the upcoming track season.
