pects as a wind-up for Spring Quarter.

afforded by the Fashion Show Coordination, and Promotion and Display classes under the direction of Sharon Peden, Program Coordinator.

The show is one of the major learning experiences of the Fashion Merchandising Program and according to several students, "an experience it is." To Dona Holloway, Front Stage Chairman, it's gallons of paint, sections of plywood, and a runway wide enough "so we don't lose any models!" To Patti Rhodes, Publicity Chairman, it's press releases, posters, and programs. Char Boggs claims it's the backstage organization that makes it work. Diane Johnson and Mary O'Sullivan, Reservations and Finance Supervisors insist it's the audience and the budget. And the General Chairman, Wanda Harrison? One breathless comment . . . "I'll let you know when it's over."

Featuring apparel from The Bostique of Shilshole Bay, Chandler's Shoes in Southcenter, a new Renton boutique The Etc., and Lamont's of Burien and with Carol Bowman commenting, the campus cafeteria will take on a new look come June 7th . . . that of glamorous clothes, sparkling models, and music that "moves". The entire production took 11 weeks in the making.

The average Navy Pilot isn't.

No man who has mastered the flying skills it takes to fly and land on a ship at sea can be called an average pilot. And the sense of accomplishment and satisfaction that he enjoys are also above average. Which is only right. For the man who would go places as a Naval Aviator must pass through the most challenging and demanding training program to be found anywhere.

From Aviation Officer Candidate School through Flight Training to the day his golden Navy Wings are awarded, he is tested; driven; pushed and tested again. And for good reason. The Navy has learned that without the will to succeed, no man can be successful.

Which brings us to you. Do you have what it takes to fly Navy? Send in this coupon and find out. Or talk with your local Navy recruiter. Or, call him at (206)

442-1470. Even if you've never flown before, if you've got the desire, you're halfway there.
