# STUDY IN THE USA AT HIGHLINE COLLEGE

## University Transfer

Popular majors include programs such as computer science, hospitality & tourism, engineering, international business, visual communications and many more.

Students take the first two years\* of their bachelor's degree at Highline College. Together with their adviser, students develop an individual transfer plan with general education and introductory classes within their major.

By following the university transfer pathway, each student can select the university and program that's right for them.

\*Depending upon a student's academic needs, some non-transferable courses may need to be taken and this might lengthen a student's program.

## Transfer Success

**Our students have been admitted to:**

- Boston University
  - Columbia University
  - Cornell
  - Georgia Tech University
  - MIT
  - Ritsumeikan Asia Pacific University
  - Seattle University
  - UC-Berkley
  - UC-Irvine
  - University of Nevada, Las Vegas
  - University of Washington
  - Washington State University
  - ...and many more
