

# Interior Design

Associate of Applied Science

## Program description

Interior Designers know how to plan and visually present a space to either an individual and business client. Interior designers are knowledgeable in every aspect of interior planning from material and production specification to health and safety issues, building codes and other technical aspects. The Interior Design degree is designed to prepare students to enter both residential and commercial design fields. Graduates will learn specific job skills and have the opportunity to apply their skills through an internship. [Learn More](#)

## Program map

This program map contains recommended courses to complete your degree. It does not replace meeting with an advisor. Please meet with an advisor to discuss your goals and plans.

**Supporting Course Electives** must be chosen from the following list:

- VICOM 105 - Intro to Design Graphics
- VICOM 165 - InDesign Layout
- DRAFT 226 - Architectural Drafting III
- SUST 175 - Permaculture: Urban Focus
- BUSN 155 – Entrepreneurship
- BUSN 238 – E-Marketing
- Any 5 credit ART, VICOM, MMD, or DRAFT course

Not every class is offered every quarter. Talk to a faculty advisor to check when specific courses are being offered.

Updated by Z. Harris 9/22/2023
