Program description

As a student of psychology you'll gain a scientific understanding of human thought and behavior while you acquire marketable skills such as strong communication, the ability to analyze information, and to be objective and flexible as you think critically. Our psychology courses are offered in a variety of formats (online, remote and face-to-face) and cover a range of topics designed to help you transfer to the school of your choice for a bachelor's degree in psychology, meet the requirements of your AAS, or serve as elective options for a variety of pathways.
